COVID-19 DISPOSITIONS

If today many restrictions have been lifted, we are committed at least over the summer period to put in place a cleaning process designed to limit the risks of contamination to a minimum. This allows us to welcome you in the best conditions.

AERATION

All rooms are ventilated 20 minutes before any cleaning procedure and all windows are open during all cleaning operations. We wash our hands thoroughly before and after each cleaning.

HAND WASH/MASK

We wear a mask during the entire cleaning process, as well as gloves.

CLEAN & DISINFECT

We clean all surfaces in the housing with detergents in order to remove dirt, grease, dust and germs. Once the surfaces are clean, we apply a disinfectant using a spray. The whole unit is wiped with a paper towel.

We pay particular attention to frequently touched surfaces such as switches, door handles, remote controls and faucet handles (see below for all other items we disinfect),

The vacuum cleaner, dishwasher, washing machine and dryer are systematically cleaned with a disinfectant.

STEAM CLEANER

We steam-clean sofas, carpets, curtains, duvets, pillows, mattresses and other soft and porous surfaces.

RULES OF PROCEDURE

NON-SMOKING ACCOMMODATION

An ashtray is available in each apartment. Of course these must be used outside as all the apartments are non-smoking.

NO PARTIES

In a concern of respect for the neighborhood and the other occupants of the Residence du Phare, we forbid all parties inside the rentals. Failure to comply with this rule will result in an immediate exit and a non-refund of unoccupied nights.

NOT SUITABLE FOR ANIMALS

We do not accept animals in our rentals.

CLOSING THE WINDOWS BEFORE EACH EXIT

This avoids any deterioration of the accommodation and potential thefts for which we could not be held responsible.

CLEANING DOES NOT INCLUDE DISHES

For each rental, we ask for a participation through a cleaning package. However, this does not include the crockery. We also invite you to empty the dishwasher before your departure.

CLEANING DOES NOT INCLUDE TIDYING UP

Before you leave, we invite you to put things back in order. Avoid leaving ashtrays lying around, leaving the awning open, etc. We also invite you to empty your rubbish bins into the containers in the rubbish room on the street side. You will find glass containers in the large car park at the entrance to the port. This will allow our teams to devote their time to cleaning and preparing the accommodation for the next tenants. If these rules are not followed, additional cleaning costs may be charged.

If you have any problems with the equipment, please let us know quickly.
